Experience

TFT Pro Radar *February 2026 - Present*

Match analytics platform for competitive Teamfight Tactics

- Attracted 2,000+ unique visitors and 9,500+ page views in the first weeks. Tracks 140+ professional players via the Riot Games API, aggregates unit performance stats, and displays real-time rankings with sorting and filtering.
- **Stack**: Next.js, TypeScript, Django, PostgreSQL, Railway.

Vincor *January 2026 - Present*

SaaS financial management platform for Brazilian law firms

- Built and launched a multi-tenant SaaS platform live in production with a paying client on an annual subscription. Features subscription billing, revenue/expense tracking, commission management, and automated PDF financial reports.
- **Stack**: Next.js, TypeScript, Django, PostgreSQL, Railway, Vercel, Netlify.

ERP System *@ Arquitetura de Eventos* *April 2025 - Present*

Custom ERP replacing a legacy Microsoft Access database

- Delivered a cloud-based ERP system in production for 1+ years with an active monthly subscription. Eliminated calculation errors from the legacy system. Features automated AWS backups, role-based access control, accounts payable/receivable, cost center allocation, and automated PDF reports.
- **Stack**: Next.js, TypeScript, Django, PostgreSQL, AWS.

Factor *May 2024 - Sep. 2024*

Fintech mobile app enabling doctors to receive hospital payments in advance

- Single-handedly built the entire product end-to-end: React Native frontend, Django REST backend, PostgreSQL database, and a fully automated CI/CD pipeline deployed on AWS.
- **Stack**: React Native, Django, PostgreSQL, Docker, CI/CD, AWS.

Skills

React, Next.js, TypeScript, React Native, Python, Django, PostgreSQL, Docker, Git, CI/CD, AWS, Tailwind CSS

Portuguese – Native | **English** – Fluent

Education

Universidade Federal de Minas Gerais Belo Horizonte, MG

Automation & Control Engineer *Dec. 2024*

Amazon Web Services Online

AWS Certified Cloud Practitioner *Sep. 2024*

Harvard University Online

CS50: Introduction to Computer Science *May 2024*
